Daily, routine health screening for all staff and students

Before coming to school each day, all students must use Alberta Health's Daily Checklist to decide whether they can attend school or must stay home.

Families are not required to manually fill out the form or to submit the form to their school. The questionnaire is a tool to assess wellness before coming to school. Students who have any symptoms noted on the questionnaire cannot attend school.

Strict Illness Protocols - showing signs of illness while at school

Parents and guardians can attend their child's school if they are required – to pick up a sick child, to sign Instructional Support Plans, to discuss a matter pertaining to your child and so on - provided established protocols are met: not ill, wearing a mask, completing the COVID-19 Information Screening Questionnaire, completing and signing the Visitor Log upon entry, and awaiting for the attending staff member to take you to the designated physically-spaced meeting area.

NGPS also recognizes that parents/guardians sometimes wish to meet with school staff regarding their child. In such circumstances, we ask that parents make an appointment with the staff member so that all established protocols can be arranged in advance for the parent/guardian meeting.
