

Oscar Adolphson Primary School

Changes to Covid Protocols Effective Monday, February 14, 2022:

Masking: all school masking requirements for K-12 students will be removed. This means that students in Grades K-12 will not be required to wear a mask while riding the school bus, or while attending school.

If a student becomes sick at school, we will be asking them to mask while waiting to be picked up from the school.

Adults including school and division staff, bus drivers, and any adult visitors to our schools must be masked.

As always, our schools will continue to provide a supportive environment for those students who wish to continue wearing a mask.

Daily Checklist and Isolation Requirements: Parents are encouraged to continue to use the [Daily Checklist](#) when making decisions to send their child to school. All isolation requirements for students who are close contacts or test positive for COVID-19 remain in place.

As part of the three step *Alberta Plan for Returning to Normal*, it is likely more changes will be coming in the next few weeks. We will continue to follow the direction provided by the provincial government and communicate those changes as they come into effect.

Thank you again for your continued patience and support.
